## Fostering youth development through rugby and education

### 2013: First project in Brazil and continued support to Mali

#### • First project in Brazil:

- Train new instructors and raise youth awareness in less-developed urban and sub-urban areas
- Establish local partnerships for our actions to come within the scope of long-term development

#### • Continued support to Mali:

- Complement constant communication with regular shipments of sport equipment
- Resume missions on the ground as and when the geopolitical situation stabilizes

### 2007-2012: Four missions in Mali, from Bamako to the regions

- 1000+ children initiated to rugby during 10 weeks of action in Mali's capital city and its regions
- 66 instructors trained to coach children in sports clubs and local schools, as well as 4 days dedicated to the basics of refereeing
- 300 kg of sport equipment donated
- Support to the organization of a national rugby union championship
- Selection and training of the national rugby sevens team under-18
